Guest Speaker - MLA THOMAS DANG

Thomas Dang, MLA – Thanked the community for inviting him to be here

MLA Thomas Dang brought up the noise study on Anthony Henday that the Gov't is working on; potentially getting noise walls put in. Not public yet so can't say too much. Community members can reach out to MLA Thomas Dang directly for further details. MLA Thomas Dang discussed that the

Provincial Government is aware of congestion on SW Anthony Henday and is currently looking at upgrading capacity of SW Anthony Henday, possibly adding more lanes.

MLA Thomas Dang spoke about the recently announced public high School that will be built in Heritage Valley and noted that it was approved outside of regular budget cycle. Construction on the new high school is hoped to start late 2019. MLA Thomas Dang also spoke about the recently announced new hospital site and addressed concerns about noise from ambulances. Alberta Health Services has assured that their policy around hospitals in residential areas is no sirens. The hospital design is not yet complete. This will be the first hospital built in Edmonton in over 30 years. MLA Thomas Dang discussed that he is pushing for entrance to be 135th street side. MLA Thomas Dang also mentioned that the Alberta Government is expanding the Energy Efficient programs, rebates on energy efficient products at local hardware.

- Pipeline Update: Premier Notley and BC Premier Horgan met with Prime Minister Trudeau. A Bill was introduced on Monday putting pressure on BC such as how much oil gets shipped to BC. Moving to seeing how much Alberta can push on BC. Making sure we are staying within the law. Alberta Government is working with Federal Government to possibly establish an interest in the pipeline if necessary to ensure the pipeline gets built. Alberta has won 12 lawsuits around the the pipeline.
- MLA Thomas Dang has magnets and pens with his name and contact information available.

Questions from members for MLA Thomas Dang

QUESTION: Any talk of the Alberta Government funding the LRT south? Is the Province working with the city to fund the park and ride and the expansion of Ellerslie Rd?

RESPONSE: MLA Thomas Dang stated that those projects flow through the City of Edmonton but the province works closely with the city. He stated that the Alberta Government approved to fund the Park and Ride beside where the new hospital will be located. The Province funded 40 new electric buses to the city of Edmonton.

QUESTION: Is there a proposed rec centre to be built in conjunction with the new high school?

RESPONSE: MLA Thomas Dang replied there is some concept/creative solutions that are being discussed around recreation facilities with the new high school. Not a full recreation centre but some possible facilities.

QUESTION: When can we expect 135th street interchange to be started and has the province considered a bridge to go through to 119 Street?

RESPONSE: 135th street interchange wasn't a priority last year for the Government but this year MLA Thomas Dang is hoping that the interchange becomes more of a priority. This interchange is needed for when the hospital is built . 119th Street is a municipal road not provincial.

QUESTION: When will 127th street be closed? Will it be open until the 135th Street interchange is complete?

RESPONSE: MLA Thomas Dang stated that he understands that 127th Street should until there is an alternate plan for traffic in that location.

QUESTION: Are the hospital plans done?

RESPONSE: MLA Thomas Dang stated that the hospital plans are not done. He said a concern was raised about the staff parking, as there are problems with this at the Royal Alec and Grey Nuns hospitals around staff parking. Alberta Health Services staff asked that they consider staff parking in the planning of this new hospital.

The budget for the hospital is currently just for the design phase. It is reflected in the Capital plan moving forward into 2021. Funding can't be approved until the fiscal year that construction starts. About \$400 million will be spent in the design phase.
